PROFESSIONAL SUMMARY

Full Stack Developer with a Diploma in Digital Development — Full Stack Web Option from Cités des Métiers et des Compétences (CMC), and over 2 years of hands-on experience in web development. Specialized in React.js, Next.js, Node.js, and NestJS, with experience designing and building secure, scalable, and high-performance web applications, including SaaS platforms, real-time systems, and e-commerce solutions. Strong knowledge of RESTful APIs, authentication and authorization, database management, payment integration, and CI/CD deployment. Focused on clean code, performance, security, and user experience.

TECHNICAL SKILLS

Front-End:	React.js, Next.js, JavaScript, TypeScript, Tailwind CSS, Bootstrap, shaden/ui
Back-End:	Node.js, Express.js, NestJS, RESTful APIs, Socket.IO
Database:	MongoDB
Authentication & Security:	JWT, NextAuth.js, Bcrypt, Role-Based Access Control (RBAC)
Payments:	Stripe, PayPal
DevOps & Tools:	Docker, Git, GitHub, Vercel, Postman, SonarQube, CI/CD
Architecture & Concepts:	MVC, SaaS Applications, Microservices

PROFESSIONAL EXPERIENCE

Founder & Full Stack Developer — DGT Portfolio

Oct 2025 – Present | Remote

- Built and maintain a Next.js SaaS platform for creating professional portfolios, with PayPal payment integration and custom domain support.
- Developed secure RESTful APIs using Node.js and Express.js, with JWT/NextAuth.js authentication and Role-Based Access Control (RBAC).
- Implemented performance and SEO optimizations using Server-Side Rendering (SSR) and modern web development practices.
- Managed application deployment on Vercel and CI/CD workflows using Git and GitHub.

Full Stack Developer Intern — Cités des Métiers et des Compétences

Sep 2023 – Jun 2024 | Laayoune, Morocco

- Developed responsive and interactive web applications using React.js and JavaScript.
- Built back-end services and RESTful APIs using Node.js and Express.js, with experience in Laravel/PHP.
- Designed and managed databases using MongoDB and MySQL.
- Applied Agile/Scrum methodologies throughout project planning, development, testing, and delivery.
- Used Docker, Git/GitHub, and SonarQube for development, version control, and code quality analysis.

Full Stack MERN Developer Intern — Académie Régionale d'Éducation et de Formation

Mar 2024 | Laayoune, Morocco

- Designed and developed a full-stack task management application with JWT-based authentication.
- Developed RESTful API endpoints and tested them with Postman.
- Deployed the application on Vercel.

Digital Developer Intern — Cités des Métiers et des Compétences

Nov 2022 – Jun 2023 | Laayoune, Morocco

- Applied programming and algorithmic concepts through practical projects.
- Developed static and dynamic websites using HTML, CSS, JavaScript, and PHP.
- Worked with SQL databases and applied basic information system security practices.

KEY PROJECTS

Professional Portfolio Builder Platform (SaaS)

dgtportfolio.com

Next.js · Node.js · Express · MongoDB · PayPal · Cloudinary

SaaS platform for creating professional portfolios, featuring multi-language support, custom domain integration, dynamic theme selection, real-time resume generation, and an admin dashboard for managing content, subscriptions, and analytics.

Hotel Reservation System

edhotel.vercel.app

Next.js · Node.js · MongoDB · Stripe · JWT · Cloudinary

Hotel booking system with online payment integration, electronic ticket generation, and email confirmations. Includes an admin dashboard for managing reservations, payments, and customers, with secured APIs and JWT-based authentication.

Secure Real-Time Chat System

edchatflow.vercel.app

Next.js · Node.js · Socket.IO · MongoDB · JWT · Bcrypt

Real-time chat application with instant messaging and end-to-end encryption for message privacy. Implemented secure authentication, user and conversation management, with a focus on performance and user experience.

E-Commerce Back-End (NestJS)

NestJS · TypeScript · MongoDB · Stripe · JWT · RBAC

Scalable e-commerce backend with secure authentication and role-based access control. Implemented user management, product catalog, shopping cart, order processing, coupon management, and Stripe payment integration, following a clean and maintainable API architecture.

EDUCATION

Specialized Technician Diploma (DTS) — Digital Development, Web Full Stack Option

2022 – 2024

Cités des Métiers et des Compétences (CMC) — Laayoune, Morocco

Baccalaureate — Physical Sciences

2021 – 2022

Lycée Baba Ahmed Ben Mohammed Yahdih — Laayoune, Morocco
